# MD. ASIFUZZAMAN

Software Engineer | Cybersecurity Enthusiast

## CONTACT

+8801924091478

asifasif6005@gmail.com

30/13 Sher Shah Suri Road, Mohammadpur, Dhaka-1207

www.

## TECHNICAL SKILLS

**Backend**

Java Spring Boot Python Node.js

**Frontend**

React Html/CSS/Js Android

**Databases**

MySQL MongoDB Firebase

**AI/ML**

TensorFlow Deep Learning

## EDUCATION

- **B.Sc. Computer Science (2021-25)**
  East West University
  CGPA: 3.37/4.0
  Major: Software Engineering

## KEY ACHIEVEMENTS

- 15+ comprehensive projects
- CTF competition finalist

## PERSONAL PROFILE

Software Engineering graduate with expertise in full-stack development, AI integration, and comprehensive software testing. Proven ability to design robust systems using modern technologies. Specialized in building scalable applications with clean architecture, thorough testing, and efficient problem-solving. Active CTF player with cybersecurity expertise.

## PROJECT EXPERIENCE

- Nexus E-Commerce Platform (Software Testing Course Project)
  - Hybrid e-commerce platform with 300+ tests, 100% pass rate.
  - Spring boot, Junit, Selenium testing.
- Lost & Found Android App (Mobile Development Course Project)
  - Community based app for reposting lost/found items.
  - Firebase authentication, Firestore, real-time update.
- Leaf Disease Classification (Image Processing Course Project)
  - Deep learning framework for leaf disease.
  - 96.47% accuracy with ConvNeXt, ResNeXt.
- XTry - Virtual Try-On App (Capstone Project)
  - Allows users to visualize products before purchase.

## ADDITIONAL PROJECTS

- Smart Energy Monitoring – Python Flask, Tuya API, IoT.
- Campus Network Design – Cisco, VLAN, OSPF.

## EXTRACURRICULAR ACTIVITY

- Active CTF Player – Cybersecurity Competition (2024-25). Both online and On-site event.
